ESSENCE OF CAVIAR 24H CREAM

Boost skin's drained structure

Reinvigorate your skin with our exclusive caviar extract complex. Specifically formulated to boost the structure of tired skin, Essence Of Caviar 24H Cream, offers powerful anti-aging properties alongside natural bio-peptides that help to stimulate cell turnover.

With luxurious and high-quality ingredients, this product comes with no mineral oils or parabens. It is highly effective in treating "crow's feet" and is well-suited for dry skin as it helps with skin regeneration.

It has a pH value of approx. 6.4 – 6.9.

ESSENCE OF CAVIAR EYE CREAM

Treat wrinkles and dry skin

This deluxe, luxurious and potent eye-care product is designed to deliver the same effects as Essence Of Caviar 24H Cream but is specifically tailored for the eye area. Highly effective in treating wrinkles, Essence Of Caviar Eye Cream works wonders to disappear “crow’s feet” and is ideal for dry skin around the eyes as it promotes skin regeneration.

It has a pH value of approx. 7.

ESSENCE OF CAVIAR AMPOULE

Get flawless skin

The key component of the ampoules is the revolutionary active ingredient complex Reproage™ peptide. The ampoule boosts the stimulation of stem-cell related genes in the epidermal cells. This active component helps to support cell generation as the skin ability to renew itself declines with age. This action provides a radiant and refreshing look alongside a flawless complexion that is visible even with mature skin. It has a pH value of approx. 5.5 – 6.0.

HYALURON 24H CREAM

Strengthen your skin and lock in moisture

This 24H cream, formulated to help firm and smooth the face, reduces evaporation and binds moisture in skin cells.

Hyaluron 24H Cream contains both low and high-molecular hyaluronic acid, lipid-active ingredients such as Squalane, Shea Butter and Avocado oil, along with a variety of nourishing components.

No mineral oil or parabens, this cream has a pleasant and delicate scent. It has a pH value of approx. 6 – 7.

HYALURON EYE CREAM

Smooth out lines around the eyes

Smoothen dry lines and wrinkles with the help of this efficient hyaluronic acid complex eye cream. Hyaluron Eye Cream contains plant oils that make the skin feel supple and soft while hydrating the delicate area around the eyes and supplying it with ample moisture.

Due to its quick action, this silky cream absorbs fairly quickly. As a result, it provides hydration to the skin, promotes a glowing and radiant look, and gives you visibly youthful skin.

This Eye cream is worth taking note of its Squalane. Since it strengthens the skin barrier, helps retain moisture, and is ideal for every skin type, but especially for dry skin.

It has a pH value of approx. 5.0.

HYALURON AMPOULE

Enhance your skin elasticity

Hyaluron Ampoule is a real all-rounder. With highly concentrated hyaluronic acid, this ampoule helps your skin regain its natural firmness, binds moisture, improves skin elasticity, and strengthens the natural barrier function of the skin.

The Hyaluron Ampoule features a beet-root extract that soothes irritations with its anti-oxidant properties.

The extract also contains betaine and panthenol, two components that counteract dehydration and makes the skin appear tighter, firmer, and smoother.

STEM CELL 24H CREAM

Instantly soothe & nourish your skin

The most luxurious and effective anti-aging cream, and unbeatable in fighting wrinkles. Produced from a luxurious blend of triple stem cells (extracted from the exquisite species of Swiss apples, grapes, and yellow azalea), precious plant oils, highly effective hyaluronic acid, and Argireline®, this anti-aging cream delivers a skin-protecting function that helps to repair and renew cells, make the skin appear firmer, and protects it from environmental stress and aging.

It also facilitates the presence of elastin and collagen.

Free from mineral oil, silicones, parabens, PEGs, and animal-based ingredients.

The pH value is approx. 5.0.

*Argireline, contains six different amino acids that help to stop the formation of skin wrinkling.

STEM CELL EYE CREAM

Fight hanging eyelids

Containing a blend of triple stem cells, amino acids, polyols, polyphenols, lipids, and saccharine, this cream nourishes the sensitive eye area, keeps it smooth and well-protected, and plays a key role in:

- Boosting the skin stem cells' growth & firming the skin
- Stimulating skin regeneration & treating lines and wrinkles
- Protection against environmental stress & reducing inflammations

Free from mineral oil, silicone, PEGs, parabens, or artificial colors.

The pH value is approx. 5.2.

STEM CELL AMPOULE

Firming and anti-aging ampoule

The Stem Cell Ampoule has an innovative active ingredient, that is whole stem cells extracted from sea holly. Sea holly has proven particularly adaptable to tough environmental conditions and helps restructure and protect the skin. Skin is visibly improved and firmed, appears fresher and brighter. Stem cells protect the skin from environmental stress, helping to counteract premature skin aging! The pH value is approx. 6.0 – 6.5.

Anti-aging

TIGHTENING AMPOULE

Hold the skin taut and firm

This ampoule features a special and newly formulated transport system for collagen that transports the active components to areas where they are most needed.

This specific function makes it one of a kind as it can permeate into the dermis while building up the skin efficiently.

It also comes with a tri-peptide on glycerine basis that acts as a stimulant for the synthesis of collagen and an effective replacement for collagen injections.

It has a pH value of approx. 6.0 – 7.0.

• Reduce Fine Lines

WHITENING AMPOULE

Lighten your skin tone

Looking for a brighter skin? This safe and perfume-free Whitening Ampoule strengthens collagen fibers thereby helping you achieve a fresher and more youthful appearance. Whitening Ampoule contains tetrapeptide that facilitates collagen synthesis alongside hydrating ingredients that moisturize and soothe the skin. It is completely made with plant-based components.

It has a pH value of approx. 5.5 – 6.5.

ESSENTIAL AMPOULE

Get glowing skin

Essential Ampoule is a solution to all skin-related problems.

This Ampoule contains anti-bacterial Sulphur and herb concentrates such as Hazel and Allantoin which help in nutrating damaged skin and also helps improve skin pores. Essential Ampoule reduces skin irritation and treats impure and damaged skin. Providing the skin with essential anti-aging treatments, this ampoule helps maintain a radiant skin glow.

Blemish Remover

CELL CARE AMPOULE

Revitalize Damaged Skin

This Cell Care Ampoule with its anti-aging formula slows down the aging process and fights every cell-damaging agent. It repairs damaged cells and restores the healthy ones on a daily basis giving you healthy and hydrated skin. It also provides UV protection.

The Cell Care Ampoule has two important ingredients CELLIGENT®, a powerful anti-oxidant which helps in DNA protection, and PANTHENOL which promotes the skin's natural revitalization mechanism.

Repair Damaged Cell

VITAMIN C AMPOULE

For all skin types

Well-suited for all skin types, our Vitamin C ampoules offer a protective action that helps the skin thrive in spite of harmful environmental features.

Its active ingredient, stabilized Vitamin C, boosts cell function and stimulates overall collagen fiber synthesis.

It has a pH value of approx. 7.0.

Fade Hyperpigmentation

Micro-Needling Ampoule Sterile

Professional Micro-Needling Ampoule Concentrates

Hyaluron Ampoule, Sterile

Visible anti-wrinkle effect

Highly effective ampoule with the proven sterile hyaluronic acid solution.

Hyaluron Ampoule Sterile has visible anti-aging effects through deep moisturizing and hydration of the epidermis and helps in removing wrinkles.

Hyaluronic acid keeps the skin hydrated, binds the moisture, and strengthens the skin barrier, that's why it is an ideal care during and after dermatological skin treatments.

This ampoule can be used with ultrasound skin treatments. It supports apparatus applications such as micro-needling, therefore the Hyaluron Ampoule, Sterile is the ideal home-care skin product. Fragrance-free, free of dyes, oil, parabens, or PEG. Suitable for all skin types especially sensitive skins.

Deep Moisturizer

Tightening Ampoule, Sterile

Mimics the action of Botox & rebuild the skin's moisture reservoir

Oil-free ampoule with proven sterile active ingredient Argireline™ for reducing mimic wrinkles. Tightening Ampoule, Sterile Contains Argireline and Hyaluronic acid as the active ingredient extract.

- Argireline™, a highly active peptide substance, has an effect similar to Botox and it relaxes facial expression muscles and as a result, reduces the expression lines up to 5%.
- Hyaluronic acid replenishes the skin's moisture reservoir.

This ampoule can be used with ultrasound skin treatments. It supports apparatus applications such as micro-needling, therefore the Tightening Ampoule, Sterile is the ideal home-care skin product. Fragrance-free, Free of dyes, oil, parabens, or PEG. Suitable for all skin types especially sensitive skins.

Improve Elasticity

Vitamin C Ampoule, Sterile

Ideal for mature skin with wrinkles and hyperpigmentation

Highly effective ampoule with proven sterile stabilized Vitamin C. This ampoule increases collagen synthesis, reduces existing wrinkles, and skin roughness. It improves skin elasticity and smoothness. Vitamin C Ampoule, Sterile protects the skin against UV-induced skin damage and harmful influences. This ampoule is considered an ideal treatment for hyperpigmentation and age spots due to its skin-lightening effects.

This ampoule can be used with ultrasound skin treatments. It supports apparatus applications such as micro-needling, therefore the Vitamin C Ampoule, Sterile is the ideal home-care skin product. Fragrance-free, free of preservatives, dyes, silicone oils, parabens, or PEG.

Optimally tolerated even by sensitive skin.

Defeats Age Spots
